Special Tube Instruction List

**Solution B**
- Volume: 6.0 mL
- Additive: Sodium polyanethol sulfonate, Acid citrate dextrose
- Tube Color: Yellow

**Solution A**
- Volume: 8.5 mL
- Additive: Trisodium citrate, citric acid, dextrose.
- Tube Color: Yellow

1. **Container Code:** GRNLI  
   - Volume: 4.0 mL  
   - Additive: Lithium Heparin  
   - Tube Color: Green with a semi clear cap

2. **Container Code:** NAGRN  
   - Volume: 2.0 mL  
   - Additive: Sodium Heparin
   - Tube Color: Green

3. **Container Code:** NAGRN10  
   - Volume: 10 mL  
   - Additive: Sodium Heparin
   - Tube Color: Green

4. **Container Code:** GOLD  
   - Volume: 5.0 mL  
   - Additive: Clot activator & gel for serum separation
   - Tube Color: Gold

5. **Container Code:** YELB  
   - Volume: 6.0 mL  
   - Additive: Sodium polyanethol sulfonate
   - Tube Color: Yellow

6. **Container Code:** YELA  
   - Volume: 8.5 mL  
   - Additive: Trisodium citrate, citric acid, dextrose
   - Tube Color: Yellow
