

ACLS Precourse Preparation Checklist

To prepare for the course, you must:

- Complete a BLS for Healthcare Providers course to be able to perform high-quality CPR and use an AED according to the 2015 AHA Guidelines for CPR and ECC
- Review the learning station competency checklists in the ACLS Provider Manual
- Understand the algorithms and flowcharts for the core cases in the ACLS Provider Manual
- Complete the ACLS Precourse Self-Assessment test (AHA Student Website [Precourse Self-Assessment](#)), bring completed certificate to class and must have a 70% score or higher
