Student must read Mosby's Textbook for Medication Assistants-2nd Ed. By Karen Anderson

All textbook chapters are required for this course (Chapters 1-13 and 15-36). Chapter 14 – Vaginal/Rectal Meds is optional.

Your facility will issue you a 40-hour course completion certificate once your facility instructor confirms that you completed the online course and completed the textbook reading. In order to work as a Med Aide 40 in Nebraska, you must complete and pass a 40-hour training course, must be knowledgeable of the 10 competencies and the basic routes, must pass a state exam, must be at least 18 years old, and of good moral character. Your facility will conduct a competency evaluation over the 10 competencies and the basic routes. Your facility may choose to utilize the clinical skills checklist provided by Avera Education & Staffing Solutions. If you pass the competency evaluation, you and your facility will submit the application for Medication Aide Registration, and you must take a state exam. Consult your instructor and facility on your next steps required to work as a Med Aide.

I attest that all quiz & Exam scores are accurate, and all Exams were proctored:
